The original version of this article (1) contained a misplaced image in Fig. 4D. Two images presented in Fig. 4D (AKI603 group and Epi group) came from the same group (AKI603 group). The authors have amended the misplaced image and reconducted the statistical analysis Figs. 4E and F. These corrections did not affect the results or conclusions of the figure. The errors have been corrected in the online HTML and PDF versions of the article. The authors regret this error.
