

### Acknowledgment to Reviewers

The Editor-in-Chief, Special Advisors to the Editor-in-Chief, Deputy Editors, Reviews Editor, Senior Editors, and Editorial Board wish to acknowledge with sincere appreciation the assistance of the following reviewers who, along with the Editorial Board, have generously contributed their time and efforts during the past year<sup>1</sup> in the appraisals of manuscripts submitted to *Cancer Prevention Research*. These reviewers not only have been of inestimable help in assessing the merit of original articles but also, by their careful analysis and critique and their general and specific constructive recommendations, have often greatly enhanced the value of these manuscripts. The quality of the journal can be attributed in large measure to the quality of their effort. We are sincerely grateful.
