

APPENDIX B: LIST OF INTERVIEWEES

The list is arranged by category—black students, black faculty, black staff and administrators, non-black students, non-black faculty, and non-black staff and administrators—with black students subdivided further by periods: 1941–1954, 1955–1968, 1969–present. Dates and degree information following a name indicate inclusive years of attendance and degrees earned at MIT. Attendance and degrees earned at other institutions are not listed.

An asterisk [*] indicates that the interview is included in the printed version of this work, while the carat symbol [^] indicates inclusion in the CD-ROM version.
