

Acknowledgments

My Tsvetaeva biography began when I first encountered Tsvetaeva scholars at the first Tsvetaeva conference in Lausanne in 1982. I gave a paper on Tsvetaeva's childhood and I was very surprised to find that no one else looked at Tsvetaeva from a psychological perspective.

Without the encouragement of Professor Simon Karlinsky, I would never have finished this biography; he helped me overcome many obstacles on the road to publication. Professors G. S. Smith, Barbara Heldt, and John Malmstad were interested in my approach and have also supported my project.

I am deeply indebted to Lenora DiSio for her inspiration and psychological insights in the early stages of my writing. I am also grateful to Professor Richard Sheldon, the late Rose Raskin, and Professor Svetlana Elmitskaya, who was particularly helpful in discussing her own linguistic approach to Tsvetaeva's work.

Recent revisions, incorporating the new information about Tsvetaeva that has emerged over the last ten years, would not have been possible without my close editorial collaboration with Ruth Mathewson and the helpful suggestions of Judith Vowles.

I am especially grateful to the Tsvetaeva scholar Yelena B. Korkina, and Professors Alexandra Smith and Richard Davis of the Leeds Archive. They helped me immensely by sending me recent materials that in some cases changed my understanding and reshaped the book.

I cannot name all the many friends and acquaintances who were always ready to listen to my interpretations. But I do wish to thank Professors Christopher J. Barnes and Frank Miller; Beatrice Stilman; Anne Stevenson, the poet and biographer of Sylvia Plath; and Lynn Visson of the United

Nations. I checked my psychological interpretations with the psychotherapists Molly Parkes, Gusta Frydman, and Ruth Bachrach. I am also grateful to Eva Vitins, Nina Gove, Jane Taubman, Viktoria Schweitzer, Michael Naydan, Anna A. Tavis, Véronique Lossky, and Laura D. Weeks. I would like to thank Lawrence Malley, formerly of Duke University Press. I especially appreciate the sensitive guidance of Ken Wissoker, my editor at Duke Press.

Last, but not least, I thank my husband, my daughters, and my sons-in-law for their patience and constructive criticism.
