

TRANSLATORS' NOTE

Professor Losurdo most often cites texts directly from their original language, occasionally modifying the Italian translations. For this reason, we have translated the majority of the non-English citations directly from the Italian, though at times the standard translations have been used, consulted, or altered.

Several of Hegel's English language translators have appended useful glossaries to the works we consulted: among them *Elements of the Philosophy of Right*. Trans. H. B. Nisbet. Cambridge: Cambridge University Press, 1991; *The Encyclopedia of Logic*. Trans. T. F. Geraets, W. A. Suchting, and H. S. Harris. Indianapolis: Hackett Publishing Company, 1991; and *The Philosophy of History*. Trans. J. Sibree. New York: Dover, 1956. Michael Inwood's *A Hegel Dictionary*. Oxford: Blackwell Publishers, 1992 has also been helpful.

Many of the numerous texts cited by Professor Losurdo are now available online in the original English or in English translation. Two useful websites have proved to be www.constitution.org and www.marxists.org.

Full references can be found in the Bibliography.

Finally, we would like to thank Professor Losurdo for his constant assistance and cooperation, which has been greatly appreciated.
