

Editor's Acknowledgments

Many people have taken an interest in the interviews with David Schneider that led to this book. James Boon, Claire Farrer, Lynne Goldstein, Mary Handler, Charles Kaut, Adria LaViolette, Susan McKinnon, David Sapir, Jonathan Schneider, Michael Schneider, Daniel Segal, Elizabeth Stassinis, George Stocking, Pauline Turner Strong, Bonnie Urciuoli, Roy Wagner, and Marlie Wasserman have provided encouragement and advice. At Duke University Press, Ken Wissoker guided the book through the review process and was always available to me as a sympathetic critic. Thanks are also due to the three reviewers, anonymous to me, whose advice I have followed in preparing the final version of the manuscript. George Stocking and Bonnie Urciuoli went out of their way to help with photographs, as did David Schneider. Finally, as David has assigned responsibility to the interviewer for any shortcomings this work may contain, so I must gratefully thank the interviewee for its many virtues.
