River Deltas—Concepts, Models, and Examples
SEPM Special Publication No. 83, Copyright © 2005
INDEX

T

tectonic control 8, 15, 225, 428–429

tectonics 7, 9, 13, 20, 207, 210, 227, 241, 332, 252, 358, 365, 411, 415, 428

terminal distributary channel 62, 165, 172, 363, 387

tidal bar(s) 87, 89, 93–97, 99–100, 104, 106, 108, 111, 113, 120–121, 123, 490

tidal channel(s) 89, 91, 96, 102, 420, 436, 457, 491

tidal flat(s) 50, 64, 73, 87, 89, 91, 108, 121, 436, 439, 452–453, 457, 469, 479, 481

tidal influence 66, 87, 93, 116, 121, 124, 225, 328, 393, 459, 462, 471, 473

tidal range 16, 24, 87, 89–91, 100, 222, 439, 453, 465, 468

tidal resonance 87, 89–90

tidal shelf sand ridge 108

tide- and wave-dominated delta 451, 460, 462

tide-dominated delta 37, 70, 72, 90, 103, 107, 118, 122, 451, 460, 462–463

trace fossil(s) 4, 50, 54, 57, 66, 72, 78, 100, 167, 213

transgressive ravinement 106, 111, 123, 258

transgressive sand 8, 123, 203, 370, 457

Trinity–Sabine–Brazos delta 260, 265–266, 268, 270

trophic generalists 4, 49, 64, 70, 78

tropical 89, 123, 414–415, 424, 466–468, 487

turbidite 58, 60, 62–64, 73, 156, 174, 179–180, 183, 186–189, 191, 194–197, 201, 204, 225

Type 1 sequence boundary 281

Type 2 sequence boundary 5, 21

U

unconformity 179, 192, 194, 195, 234, 235, 274, 280, 281

upstream accretion 5, 8, 173–175

V

Vasishta lobe 441, 446–447

Vietnam 39, 451–453, 463

Volga canyon 234–235, 239, 253–254

Volga Delta 3, 64, 231–233, 235, 240–242, 244–254

W

wave-influenced delta 5, 37, 58, 64–66, 72, 110, 133, 136, 141–142, 149, 277, 288–289, 363, 386, 397–398, 441, 462, 465–466

western Louisiana delta 260, 266, 269, 272, 274

Y

Yangtze delta 40, 42

Z

Zoophycos 52, 60, 62–63, 66, 74, 76–77, 111
