## **American Accounting Association**

### **Is Analyst Forecast Accuracy Associated With Accounting Information Use?**

**Ruth Ann McEwen**  
*Suffolk University*

**James E. Hunton**  
*University of South Florida*

This article was originally published in 1999 in *Accounting Horizons* 13 (1): 1–16.

Based on the pattern of misconduct identified in the investigation summary, “Report of Judith A. Malone, Bentley University Ethics Officer, Concerning Dr. James E. Hunton (2014),” the October 2014 supplement to that report, and the co-author’s inability to produce data or other information supporting the existence of primary data or confirming how the study was conducted, the American Accounting Association, as publisher, is retracting this article. There were no findings or evidence that Dr. Hunton’s co-authors were aware of or complicit in Dr. Hunton’s misconduct.

#### **Supplemental Material**

The supplemental material is the Report of Judith A. Malone, Bentley University Ethics Officer, concerning Dr. James E. Hunton and the October 2014 supplement to that report and can be accessed by clicking the following link.
