American Accounting Association

Potential Functional and Dysfunctional Effects of Continuous Monitoring

James E. Hunton
Bentley College

Elaine G. Mauldin
University of Missouri

Patrick R. Wheeler
University of Missouri

This article was originally published in 2008 in The Accounting Review 83 (6): 1551–1569; DOI: 10.2308/accr.2008.83.6.1551.

Based on the pattern of misconduct identified in the investigation summary, “Report of Judith A. Malone, Bentley University Ethics Officer, Concerning Dr. James E. Hunton (2014),” the October 2014 supplement to that report, and the co-authors’ inability to produce data or other information supporting the existence of primary data or confirming how the study was conducted, the American Accounting Association, as publisher, is retracting this article. There were no findings or evidence that Dr. Hunton’s co-authors were aware of or complicit in Dr. Hunton’s misconduct.

Supplemental Material
The supplemental material is the Report of Judith A. Malone, Bentley University Ethics Officer, concerning Dr. James E. Hunton and the October 2014 supplement to that report and can be accessed by clicking the following link.
