

Bødker JS, Brøndum RF, Schmitz A, et al. A multiple myeloma classification system that associates normal B-cell subset phenotypes with prognosis. *Blood Adv.* 2018;2(18):2400-2411.

In the 25 September 2018 issue, an author's name was misspelled in the byline on page 2400 and the deceased author statement under "Authorship" on page 2408. "Hans Erik Johnson" should read "Hans Erik Johnsen." The error has been corrected in the published article.
