NOTES FOR CONTRIBUTORS

1. Manuscripts intended for publication in the journal should be submitted to the Editor-in-Chief, Dr. C. N. Davies, London School of Hygiene, Keppel Street, London, W.C.1.

2. Authors are requested to submit an original typed manuscript in double spacing. The text must be ready for printing, and any substantial changes in proof, other than typographical errors, may be charged to the authors.

3. Any Greek letters, or special symbols likely to be unfamiliar to the printer, should be identified in the margin the first time they occur on each page of the manuscript.

4. The paper should commence with an abstract of up to about 150 words.

5. Illustrations should not be inserted in the pages of the manuscript but should accompany the manuscript on separate sheets. The captions should be typed on a separate page at the end of the manuscript and not included in the text or under the illustrations. Half-tone illustrations should be kept to a minimum. If any lettering must appear on a photo­graph two prints should be submitted, one clearly lettered and the other without inscription. Line drawings should be drawn clearly in indian ink if possible and about double the intended size. Lines should be thick enough to be clear when the illustration is reduced to a size suitable for inclusion in the journal. Lettering should either be stencilled in indian ink, again large enough for the necessary reduction, or alternatively written in pencil so that the draughtsman can reletter the diagram without having to redraw it entirely.

7. Authors will receive 50 free reprints of their articles. A reprint order form will be sent out with proofs so that authors may order additional reprints at a reasonable price.
