UPCOMING MEETINGS

**Congress of Neurological Surgeons Annual Meeting 2013**
**October 19-23, 2013**
**San Francisco, CA**

This meeting will present the highest-impact original science in the field. The CNS is known around the globe for facilitating exchange of the best clinical and basic neurosurgical science and invites you to submit your abstract to be a part of the 2013 Original Science Program! For more information, see http://2013.cns.org/.

**Markers in Cancer: a joint meeting by ASCO, EORTC, and NCI**
**November 7-9, 2013**
**Brussels, Belgium**

Markers in Cancer, a joint meeting by ASCO, EORTC & NCI, will focus on the relevance and the feasibility of implementing emerging technologies into clinical practice.

A tutorial on biomarker development dealing with issues related to next generation trial design (November 5-7, 2013) will precede the Main Meeting and is open to early career oncologists.

For more information, see http://www.markersincancer.eu/.

**European Association of Neurological Societies**
**November 11-14, 2013**
**Tel Aviv, Israel**

This meeting combines the EANS Tumor Section and AANS/CNS Section on Tumors. For more information, see www.kenes.com/cans2013.

**4th Quadrennial Meeting of the World Federation of Neuro-Oncology in conjunction with the 18th Annual Scientific Meeting of the Society for Neuro-Oncology**
**November 21-24, 2013**
**San Francisco, CA**

This meeting will be held in conjunction with the 2013 Annual Scientific Meeting and Education Day of the Society for Neuro-Oncology. For more information, see www.soc-neuro- onc.org.

**20th Annual Blood-Brain Barrier Consortium Meeting**
**March 20-22, 2014**
**Sunriver, OR**

The 2014 Annual Blood-Brain Barrier Consortium Meeting will be held March 20-22 at Sunriver Resort in Sunriver, Oregon. The focus of the meeting is translational research in neuro-oncology and the blood-brain barrier. The meeting is partially funded by a National Institutes of Health R13 grant, with support from the National Cancer Institute, National Institute of Neurological Disorders and Stroke, and National Institute of Deafness and Communication Disorders, and is organized in collaboration with the International Brain Barriers Society. For more information, please visit www.obsu.edu/bbb.

Please send all items you would like to have included here in future issues to Nicholas Butowski, MD, UCSF Neurological Surgery, Division of Neuro-Oncology, 400 Parnassus Ave #0372, San Francisco, CA 94143; phone: 415-353-2966; e-mail: butowski@neurosurg.ucsf.edu.

To submit a posting on the SNO Web site, please contact Erik P. Sulman, MD, PhD; e-mail: epsulman@mdanderson.org.
