The Cry of Hypocrisy: The Battle of Cuito Cuanavale

(translated from Gĩkũyũ)

While they hated Mandela as a commie and terrorist
They hailed Verwoerd Vorster and Botha as freedom fighters

While they armed apartheid to defeat the struggle
Cuba armed the real freedom fighters to defend the struggle

And when at Mandela's funeral Obama shook hands with Castro
They who used to arm apartheid cried foul

Have they forgotten that at the battle of Cuito Cuanavale
Reagan and Thatcher sided with Apartheid?

That but for the Cuba backed victory at Cuito Cuanavale
Mandela's funeral would have been on Robben Island years earlier?
