Adolescence and Youth in Prospect contains the proceedings, conclusions and recommendations of the International Colloquium on Adolescence in the Year 2000, sponsored by the Jeugdprofiel Foundation and held in Amsterdam in September 1975. The Colloquium brought together a select group of speculative thinkers and empirical research workers. Attendance was multidisciplinary and international, comprising workers in sociology, education, psychology, medicine and theology from Belgium, France, West Germany, Israel, Italy, The Netherlands, Poland, Sweden, Switzerland, the UK and the USA.

Part 1 The International Colloquium on Adolescence in the Year 2000
Overview and outcomes
John P. Hill and Franz J. Mönks
Summary record and conclusions
John P. Hill, Franz J. Mönks, William Wall, Willem Welling and Robert Weeda
