Contents

129 Editorial
Scott Markel and Richard Carter

Papers

131 A brief introduction to web-based genome browsers
Jun Wang, Lei Kang, Ge Gao and Jingchu Luo

144 The UCSC genome browser and associated tools
Robert M. Kuhn, David Haussler and W. James Kent

162 Using GBrowse 2.0 to visualize and share next-generation sequence data
Lincoln D. Stein

172 Visualizing next-generation sequencing data with jBrowse
Oscar Westesson, Mitchell Skinner and Ian Holmes

178 Integrative Genomics Viewer (IGV): high-performance genomics data visualization and exploration
Helga Thorvaldsdottir, James T. Robinson and Jill P. Mesirov

193 Using Tablet for visual exploration of second-generation sequencing data
Iain Milne, Gordon Stephen, Micha Boyer, Peter J. A. Cock, Leighton Pritchard, Linda Cardle, Paul D. Shaw and David Marshall

203 BamView: visualizing and interpretation of next-generation sequencing read alignments
Tim Carver, Simon R. Harris, Thomas D. Otto, Matthew Benniman, Julian Parkhill and Jacqueline A. McQuillan

213 Hawkeye and AMOS: visualizing and assessing the quality of genome assemblies
Michael C. Schatz, Adam M. Phillippy, Daniel D. Sommer, Arthur L. Delcher, Daniela Puiu, Giuseppe Narzisi, Steven L. Salzberg and Mihai Pop

225 Motif discovery and transcription factor binding sites before and after the next-generation sequencing era
Federico Zambelli, Ginevra Pesole and Giulio Pavesi

238 Bioinformatics opportunities for identification and study of medicinal plants
Vivekanand Sharma and Indra Neil Sarkar

251 Machine learning approaches for the discovery of gene–gene interactions in disease data
Koudina Gostill-Goddard, Diana Eccles, Joerg Fleige and Andrew Collins
Editorial Board

EDITOR
Martin Bishop
Cambridge, UK

NORTH AMERICAN ASSOCIATE EDITOR

SUBSCRIPTION INFORMATION
A subscription to Briefings in Bioinformatics comprises 6 issues. All prices include postage, and for subscribers outside the UK delivery is by Standard Air. Briefings in Bioinformatics Advance Access contains papers that have recently been accepted but have not yet been included within an issue.

Annual subscription rates (Volume 14, 6 Issues, 2013)

INSTITUTIONAL
Print edition and site-wide online access: £521/US$1039/€781
Print edition only: £477/US$953/€716
Site-wide online access only: £373/US$745/€650

PERSONAL
Print edition (includes free online access): £253/US$504/€437
Please note: US$ rate applies to US & Canada, Euros applies to Europe, UK £ applies to UK and Rest of World.

There may by other subscription rates available; for a complete listing, please visit www.oxfordjournals.org/our_journals/bib/access_purchase/price_list.html.

METHODS OF PAYMENT:
(i) Cheque (payable to Oxford University Press, Cashiers Office, Great Clarendon Street, Oxford OX2 6DP, UK) in GBP Sterling (drawn on a UK bank), US$ Dollars (drawn on a US bank), or EU€ Euros. (ii) Bank transfer to Barclays Bank Plc, Oxford Group Office, Oxford (bank sort code 20-65-18) (UK), overseas only Swift code BARC GB 22 (GBP Sterling to account no. 70299332, IBAN GB89BARC20651870299332; US$ Dollars to account no. 66014600, IBAN GB27BARC2065186014600; EU€ Euros to account no. 78923655, IBAN GB16BARC20651878923655). (iii) Credit card (Mastercard, Visa, Switch or American Express).

UPDATING and CORPORATE SALES
For requests from industry and companies regarding supplements, bulk article reprints, sponsored subscriptions, translation opportunities for previously published material, and corporate online opportunities, please e-mail special.sales@oxfordjournals.org, fax +44 (0) 1865 353747 or visit www.oxfordjournals.org/jnls/sales.

PERMISSIONS
For information on how to request permissions to reproduce articles/information from this journal, please visit www.oxfordjournals.org/jnls/permissions.

ADVERTISING
Advertising, inserts and artwork enquiries should be addressed to Advertising and Special Sales, Oxford Journals, Oxford University Press, Great Clarendon Street, Oxford, OX2 6DP, UK. Tel: +44 (0) 1865 354767. Fax: +44 (0) 1865 353774. E-mail: jnladvertising@oxfordjournals.org.

DISCLAIMER
Statements of fact and opinion in the articles in Briefings in Bioinformatics are those of the respective authors and contributors and not of Bioinformatics or Oxford University Press. Neither Oxford University Press nor Briefings in Bioinformatics make any representation, express or implied, in respect of the accuracy of the material in this journal and cannot accept any legal responsibility or liability for any errors or omissions that may be made. The reader should make his/her own evaluation as to the appropriateness or otherwise of any experimental technique described.
