

CORRECTION

G_i-mediated translocation of GLUT4 is independent of p85/p110 α and p110 γ phosphoinositide 3-kinases but might involve the activation of Akt kinase

L. WANG, H. HAYASHI, K. KISHI, L. HUANG, A. HAGI, K. TAMAOKA, P. T. HAWKINS and Y. EBINA

Volume 345 (2000), pp. 543–555

On p. 549, the subheading in the right-hand column should read:

G_i-mediated GLUT4myc translocation was not accompanied by an increase in p85/p110 α or p110 γ PI-3K activity
