Headnote: Page numbers followed by *f* indicate a figure on that page.

- Actions  
 acquisition of new action, 88, 101  
 action analysis, 91  
 action coordination, 108, 111, 112–114, 115  
 alternative action variants, 86  
 causally opaque, 84–85, 86, 87, 88, 89–90, 103n1, 115, 262–263  
 causally opaque, infant studies on, 93–100, 101  
 causally transparent, 84–85, 87, 88, 103n1, 103n2  
 collaborative actions, 144  
 communicative action manifestation, 89–90  
 conventional action’s stability, 85  
 conventional versus instrumental functions, 82, 84, 88–89, 92, 101  
 efficient action variants, 86, 91–92, 101–102  
 emulative action reproduction mechanisms, 84–85, 101  
 functions of, 85  
 head touch paradigm, 86–88, 89–92, 91*f*, 93  
 imitative behavior-copying, 93–100  
 instrumental action versus social signaling skills, 253, 255  
 joint action, 112–113, 258  
 kinematic signatures, 113–114  
 opaque and transparent novel actions, learning process for, 88, 89–90  
 ostensive attention guidance, 89  
 relevance-based emulation and reenactment, 92, 93–100, 101  
 rigidity in imitation, 85, 87–88  
 segmentation of, 86  
 subefficient means actions, 85–86, 87, 89, 90, 95, 96
- Adaptive behavior. *See also* Flexibility  
 adaptive flexibility, 161–163, 165  
 constrained flexibility framework and, 165  
 constraints and costs, 21–22, 23  
 costs, 21, 23  
 cultural habits impacting, 18  
 early modern craft guilds, 43–44  
 expertise and, 4, 225  
 individual, of potters, 4–5
- in infants, 100  
 rigidity and, 85  
 skill levels and, 18–20, 19*f*, 21  
 variability of practice hypothesis, 20
- Addicott, Merideth A., 169
- Akha  
 clothing and dress customs, 190  
 cultural identity, 185–186, 191–192  
 cultural identity transmission, 179, 180, 184, 186, 191  
 cultural schema, 188*f*  
 ethnographic background, 180–181  
 herbal medical techniques, 181–184, 186, 191, 264  
 housing customs, 186–188, 189*f*, 264  
*yavghaq*, 181
- Animal culture. *See also* Chimpanzees; Cultural evolution; Dressage; Horse riding  
 advancement versus shift, 237, 238*f*  
 behavior spectrums, 236–237, 238*f*  
 classes of factors of attraction, 244–248  
 conservatism, 236–237, 245  
 cultural attraction theory, 242–248, 245*f*, 248  
 cultural evolution, 236  
 cultural fidelity, 239–242  
 cultural traditions, 235  
 cumulative culture, 235, 266  
 ecological factors, 241–242, 243, 246, 247, 248  
 factors biasing cultural variants, 244  
 fixedness versus stasis, 238, 238*f*  
 flexibility, 248  
 frequency-dependent evolution, 238–239  
 innovative vs creative behavior, 237, 238*f*  
 liberalism, 236–237, 245  
 persevering versus consistent behavior, 237  
 rigidity, 248  
 social learning, 239–242, 245*f*, 246  
 variations in techniques, 246–247
