

NATIONAL CONFERENCE ON CHILDHOOD CANCER

The American Cancer Society's National Conference on Childhood Cancer will be held at the Fairmont Hotel, Dallas, Texas, from May 16 to 18, 1974. The purpose of the conference is to alert the medical community to the progress being made in the diagnosis and treatment of childhood cancer and to emphasize the need for early diagnosis and the importance of prompt treatment by a team of medical specialists and allied health personnel capable of rendering optimal care. Sessions are open to all members of the medical and related health professions. Preregistration is requested. There is no registration fee. The program is acceptable for: 15 credit hours in Category I for the Physician's Recognition Award of the American Medical Association and 15 elective hours by the American Academy of Family Physicians. For further information, contact: American Cancer Society's National Conference on Childhood Cancer, 219 East 42nd Street, New York, New York 10017.

Erratum

In the paper entitled "Effect of Human Milk on the Mouse Mammary Tumor Virus," by Nurul H. Sarkar, Jesse Charney, Arnold S. Dion, and Dan H. Moore, published in the March 1973 issue of *CANCER RESEARCH*, the following addition should be made. On page 628, the "Discussion" section, Column 2, Line 1, should read "These latter forms may possibly have been derived from the original"
