(Requests for announcements must be received at least 3 months before publication.)

### EIGHTIETH ANNUAL MEETING OF THE AMERICAN ASSOCIATION FOR CANCER RESEARCH, INC.

The scientific sessions of the 80th Annual Meeting of the American Association for Cancer Research, Inc. will be held at the Moscone Convention Center, San Francisco, California, from 8:00 a.m., Wednesday, May 24, 1989, until midday on Saturday, May 27, 1989. After the conclusion of the regular scientific sessions, the Association will sponsor several workshops on laboratory techniques during the afternoon of Saturday, May 27, 1989. The AACR meeting will be preceded by that of the American Society of Clinical Oncology to be held on May 21-23, 1989, in the Moscone Center.

Members of the AACR and interested nonmembers will be able to register in advance of the 1989 meeting. Forms for this purpose will be mailed to members as part of the First Announcement of the meeting in early autumn. Additional forms may be obtained by writing to the office of the American Association for Cancer Research. On-site registration will be conducted at the Moscone Center beginning in the afternoon of Tuesday, May 23, 1989, and will continue throughout the meeting. On Tuesday, May 23, only, on-site registration will also be held in the evening at the San Francisco Hilton, the Association's headquarters hotel, in conjunction with an opening reception.

In addition to advance registration and hotel reservation forms, the advance program announcement will contain forms for the submission of abstracts and the regulations governing abstract submission. The deadline for submitting abstracts for presentation at the meeting is December 8, 1988. This deadline will be strictly enforced. Abstracts that are submitted in conformity with regulations and are considered to be of acceptable quality will be published in the March 1989 *Proceedings of the American Association for Cancer Research*. All subscribers to the journal *Cancer Research* will receive a copy of the *Proceedings* in April.

The program announcement will also contain forms for the Association's Employment Register. Again this year registered employers and candidates will be able to place listings in the *Proceedings* and in two issues of *Cancer Research*. The Association will also schedule appointments for employers and candidates during the annual meeting. To ensure full participation in the Employment Register forms for the service should be submitted to the Association Office by February 1, 1989.

Further information may be obtained from the office of the American Association for Cancer Research. Please note our new address: 530 Walnut Street, 10th Floor, Philadelphia, PA 19106. Telephone: 215-440-9300.

### AACR SPECIAL CONFERENCES IN CANCER RESEARCH

A number of meetings are now being organized in the AACR's new series of smaller scientific meetings. The topics, dates, locations, and program committees for these meetings are given below. When full details of each meeting are available, AACR members will be the first to receive complete brochures and application forms for participation in these important conferences. Nonmembers may receive this information by sending their names and addresses to Meetings Mailing List, AMERICAN ASSOCIATION FOR CANCER RESEARCH, 530 Walnut Street, 10th Floor, Philadelphia, PA 19106. (Note new address.)

**COLLECTED PERSPECTIVES IN CANCER RESEARCH**

Oncogenes, natural killer cells, breast cancer treatment modalities, colon cancer, and retroviruses, including their relationship to AIDS, are among the topics of current interest featured in the recently published *Collected Perspectives in Cancer Research: 1986-1987*. Containing the twenty-two articles published as "Perspectives in Cancer Research" in the last two volumes of the journal *Cancer Research*, the compilation presents the insights and interpretations of recognized authorities in the study of cancer. Each article explores contemporary and sometimes controversial areas of investigation, analyzing recent progress in cancer research and offering ideas on where such research should be heading. This collection of incisive and stimulating viewpoints will serve as a valuable resource and teaching tool for the cancer research community. Copies of this publication may be ordered from

the Subscription Fulfillment Department, Waverly Press, Inc., P.O. Box 64473, Baltimore, Maryland 21264-0473, at a price of \$9.00 per copy. Orders outside the U.S. add \$2.00/copy to offset postage costs.

**RECENT DEATH**

We regret to report the death of Dr. Abraham Goldin of the National Cancer Institute, Bethesda, MD. Dr. Goldin served on the Editorial Board of *Cancer Research* from 1969 to 1972 and on the Board of Directors of the American Association for Cancer Research from 1977 to 1980. At the time of his death he was an Active and Honorary Member of the Association. Dr. Goldin was featured on the cover of the September 1, 1988, issue of *Cancer Research*, and a brief synopsis of his career and many accomplishments appears in the cover legend of that issue.
