### FUTURE ANNUAL MEETINGS OF THE AMERICAN ASSOCIATION FOR CANCER RESEARCH

1995 March 19-22 Toronto, Ontario, Canada  
Abstract Deadline: October 14, 1994  
1996 April 21-24 Washington, DC  
1997 April 13-16, San Diego, CA

### NEW PRIVILEGES AND RESPONSIBILITIES OF CORRESPONDING MEMBERSHIP

In a ballot distributed in Spring 1993, AACR members approved a number of amendments to the Association's By-Laws. Several of these amendments affect the privileges and responsibilities of corresponding members. Corresponding members may now sponsor candidates for active, corresponding, and associate membership. All corresponding members, regardless of their year of election to the Association, are now required to pay dues. (Previously, dues payment had been voluntary for corresponding members elected before 1985.) If qualified for emeritus membership, corresponding members may now transfer into this category and retain all of their previous membership privileges.

### BROADENING OF ASSOCIATE MEMBERSHIP

Also approved in the recent By-Laws Ballot was an amendment broadening associate membership to qualified persons throughout the world. There will be no geographic restrictions. All graduate and medical students, postdoctoral fellows, and physicians-in-training who are following a course of study or who are working in a research program relevant to cancer investigations are now welcome to apply for this category of membership. One active or corresponding member of the Association in good standing must serve as a sponsor for the applicant. Annual dues for associate members are \$30 for residents of the Americas, and \$40 for those in other countries.

### AACR SPECIAL CONFERENCES IN CANCER RESEARCH

A number of meetings are now being organized in the AACR's new series of smaller scientific meetings. The topics, dates, locations, and program committees for these meetings are given on the following page. When full details of each meeting are available, AACR members will be the first to receive complete brochures and application forms for participation in these important conferences. Nonmembers may receive this information by sending their names and addresses to Meetings Mailing List, American Association for Cancer Research, Public Ledger Building, 620 Chestnut Street, Suite 816, Philadelphia, PA 19106-3483.
