INTERNATIONAL CYTOLOGY CONFERENCE

An International Cancer Cytology Conference, sponsored by the Instituto de Oncologia and the Ministry of Health, Madrid, Spain; the International Union Against Cancer; and the Pan American Cancer Cytology Society, will be held in Madrid September 22 through September 26, 1960. President of the Conference is Dr. J. Sanz Ibáñez, Director of the Madrid National Cancer Institute, and Vice-Presidents are Dr. J. Ernest Ayre, Miami, Florida; Dr. E. V. Cowdry of St. Louis, Missouri; and Dr. J. H. Maisin, Louvain, Belgium. Dr. Angel Valle Jimenez has been appointed Secretary General, and Dr. H. deWatteville of Geneva, Switzerland, is General Program Chairman. Representing their respective countries on the Advisory Council are Dr. William Terzano, Dr. Juan Ahumada, and Dr. Abel Canónico (Argentina); Dr. Ernst Navratil (Austria); Prof. Claude, Prof. Dustin, Prof. Firket, and Prof. Claude Gompel (Belgium); Dra. Clarice Ferreira and Dr. Arturo Campos da Paz (Brazil); Dr. Jean Darche and Dr. W. B. Ayre (Canada); Dr. Engelbreth Holm (Denmark); Professor MacLaren (England); Dr. Charles Oberling, Dr. Denoix, Professor DeLaRue; Dr. Jean DeBrux and Dr. Violetta Nuovo (France); Dr. H. Runge (Germany); Dr. V. R. Khanolkar (India); Dr. I. Berenblum (Israel); Professor Giordano and Professor Sirtori (Italy); Prof. A. Novikov (Russia); Dr. H. Kottmeier and Dr. Gunnar Moberger (Sweden); Dr. Perihan Cambel (Turkey); Dr. Alexander Brunschwig, Dr. Morris Fishbein, Dr. Ralph Jack, Dr. Locke Mackenzie, Dr. George Gey, Dr. Leonell Strong and Dr. Richard TeLinde (U.S.A.). The conference will focus world attention on cytology research and advanced methods of cancer control through early cytology diagnosis.

A brochure is available for distribution to medical and scientific groups setting forth more details in connection with this forthcoming international medical event. For further information write to: Elizabeth L. Hughes, U.S. Corresponding Secretary, 3007 Salzedo, Coral Gables, Florida, U.S.A.

ERRATUM

A correction should be made in an article by J. W. Hollingsworth, entitled “Inhibition by Cytotoxic Drugs of Bone Marrow Regeneration after Irradiation and Marrow Transplantation,” which appeared in the February issue of Cancer Research. The charts were placed incorrectly above the chart legends, as follows:

CHART 1 was placed above caption 2.
CHART 2 was placed above caption 3.
CHART 3 was placed above caption 1.

Webster says...QUALITY means
“the degree of excellence and superiority”

...at Nutritional Biochemicals Corporation,
QUALITY is one of our proudest ASSETS

- Over 300 Amino Acids
- Over 90 Peptides
- More than 200 Nucleo-proteins, Purines, Pyrimidines
- Miscellaneous Biochemicals
- Vitamins
- Enzymes + Crystalline + Purified
- Growth Factors
- Steroid Hormones

- Biological Salt Mixtures
- Biological Test Materials
- Peptides
- Carbohydrates
- Purified Proteins
- Fatty Acids
- Antibiotics
- Alkaloids
- Glandular Substances
