## Correction: Hypotensive and sympathoinhibitory responses to selective central AT<sub>2</sub> receptor stimulation in spontaneously hypertensive rats

Volume 129 (2015) pp 81–92

Owing to an error introduced during the production process, the daytime saline control value for D21 SHR (+ 8.0 ± 0.8) in Table 2 has been omitted. The corrected version of Table 2 is presented here:

**Table 2** Change in mean arterial blood pressure (MAP; mmHg) in Wistar Kyoto rats (WKY) (above) and Spontaneously Hypertensive rats (SHRs) (below). Data are shown as mean ± SEM (*n* = 6–8 per group).
