PATHWAY TO STOP DIABETES CALL FOR NOMINATIONS

The American Diabetes Association is pleased to announce that the Call for Nominations for the Pathway to Stop Diabetes Awards is now open. Pathway provides substantial support to exceptional scientists who are early in their diabetes research careers or who are established in other disciplines but are interested in applying their expertise to diabetes research. Applications are due 1 July 2015, for anticipated funding to start 1 January 2016.

WEBCASTS FROM DIABETES IS PRIMARY

Free-of-charge webcasts from Diabetes Is Primary offer the latest information on the management of diabetes and its complications, practical tips, and proven strategies for improving patient care and translation of the latest diabetes research into clinical practice. For more information, please visit http://professional.diabetes.org/Presentations_Details.aspx?session=4564.

ASSOCIATION-FUNDED RESEARCH DATABASE

The American Diabetes Association offers access to a searchable database with useful information on the Association-funded research grants. The database provides an easy way to learn more about the Association's Research Program and the critical and innovative biomedical research made possible through the generous support of donors and sponsors. Explore the database at professional.diabetes.org/researchDB_search.aspx.
