<https://doi.org/10.2337/dc23-er10>

In Table 2 of the article cited above, there were typographical errors in the presentation of triglycerides and non-HDL cholesterol in mmol/L. The value for triglycerides was given as +0.26 mmol/L; the correct value is +0.11 mmol/L. The value for non-HDL cholesterol was given as +0.1 mmol/L; the correct value is +0.26 mmol/L.

The accompanying presentation of triglycerides and non-HDL cholesterol in mg/dL remains correct, and the main findings did not change.

The authors apologize for the errors.

The online version of the article (<https://doi.org/10.2337/dc22-1550>) has been revised to correct the errors.
