

RESPONSE TO COMMENT ON DUNNE ET AL.

The Women's Leadership Gap in Diabetes: A Call for Equity and Excellence. *Diabetes Care* 2021;44:1734–1743

Diabetes Care 2022;45:e99 | <https://doi.org/10.2337/dci21-0055>

Jessica L. Dunne,¹ Jennifer L. Maizel,²
Amanda L. Posgai,³
Mark A. Atkinson,^{3,4} and
Linda A. DiMeglio⁵

We applaud the Centers for Diabetes Translation Research leadership efforts, thank them for their comments, and concur with their conclusions (1). Having parity in Centers for Diabetes Translation Research principal investigators is an important step forward. Further examination of factors contributing to this

observed leadership difference would be of great interest as the diabetes community works to address areas where inequities persist.

Duality of Interest. No potential conflicts of interest relevant to this article were reported.
