Genetic prion disease: no role for the immune system in disease pathogenesis?

Yael Friedman-Levi†, Orli Binyamin†, Kati Frid, Haim Ovadia and Ruth Gabizon

An error was made with the second and third authors of this paper. The single dagger (linked to the footnote “Co first author”) should have appeared with the first and second authors not the first and third authors. It is correctly shown above and has also been corrected online. The publisher apologises for this error.
