Erratum

Effect of replacing glutamic residues upon the biological activity and stability of the circular enterocin AS-48

There is an error in Figure 1 of this article. The arrows are displaced in the current figure and thus do not correctly indicate that the glutamic residues (E) have been changed. A corrected version of this figure is given below. The publisher apologizes for this error.

![Figure 1](https://example.com/figure1.png)

**Figure 1.** Substitutions introduced into AS-48. The secondary structure is indicated.
