In the originally published version of this manuscript, the name of the lead author of the cited manuscript (Reutersberg B, Trimarchi S, Gilon D, Kaiser C, Harris K, Shalhub S et al. Pleural effusion: a potential surrogate marker for higher-risk patients with acute type B aortic dissections. Eur J Cardiothorac Surg 2021. doi: 10.1093/ejcts/ezab540), Benedikt Reutersberg, was inadvertently erroneously given as ‘Reutersberger’ in several instances in the body of the manuscript.

We apologise for this error, that has now been corrected.
