# List of Figures and Tables

## Figures

- 1.1 Map of the four pipeline cases. 12
- 2.1 Canadian oil sands production, 1971–2019. 18
- 2.2 Brent, WCS, and WTI prices, 2009–2020. 20
- 2.3 Alberta’s nonrenewable resource revenues. 21
- 2.4 GHG emissions for Canada by Canadian economic sector, 2018. 24
- 2.5 GHG emissions for Alberta by Canadian economic sector, 2018. 25
- 2.6 National issue of most concern according to public survey data, 2004–2020. 31
- 4.1 Keystone XL timeline. 66
- 4.2 Total Keystone XL mentions in US media, 2010–2018. 72
- 4.3 Keystone XL keyword mentions, 2010–2019. 73
- 4.4 Poll results for Keystone XL pipeline support. 74
- 4.5 Partisan views of Keystone XL pipeline (February 2017). 74
- 5.1 Northern Gateway Pipeline timeline. 91
- 5.2 Northern Gateway Pipeline total media mentions, 2010–2016. 106
- 5.3 Northern Gateway Pipeline media focus, 2010–2016. 106
- 5.4 British Columbia poll results for the following Northern Gateway support question: “Given what you know about the proposed Enbridge Northern Gateway pipelines project, do you support or oppose the project?” 108
- 6.1 Trans Mountain Expansion Project timeline. 125
- 6.2 British Columbia poll results for the following question regarding support for the Trans Mountain Expansion Project: “Given what you

know about the proposed expansion of Kinder Morgan's Trans Mountain pipeline, do you support or oppose the project?"	133
<b>6.3</b> Trans Mountain pipeline keyword mentions.	134
<b>7.1</b> Energy East timeline.	159
<b>7.2</b> Total media mentions of Energy East each year in English Canada, 2012–2016.	175
<b>7.3</b> Aggregated issue mentions of the Energy East Pipeline in French and English in Canadian media, 2013–2016.	176
<b>7.4</b> Comparison of issue mentions between French- and English-language Canadian media.	177
<b>7.5</b> Forum Research poll of opinions on the Energy East Pipeline (March 2016).	178
<b>8.1</b> Temporal relationship between the four pipeline projects.	196
<b>9.1</b> Awareness of Site C Dam project measured by responses to the following question: "Have you seen, read or heard anything about BC Hydro's proposed new dam, known as Site C, near Fort St. John?"	225
<b>9.2</b> Support for Site C Dam project measured by responses to the following question: "Is the idea of building Site C, a new hydroelectric dam, to help meet the rising demand for electricity in BC, an idea you support, can accept under certain circumstances, or oppose?"	226
<b>9.3</b> Results of DeSmog Canada poll of support for independent review of Site C Dam in response to the following question: "BC Hydro's projections indicate that the province will not need new power until 2028 at the earliest. The panel that reviewed Site C called for the demand case and cost to be examined in detail by the province's independent regulator. Thinking about this, do you support or oppose sending the Site C dam for an independent review of both costs and demand?"	227
<b>9.4</b> Percentage of total media mentions of the Site C Dam that name specific issues.	228

## Tables

<b>2.1</b> Major environmental groups involved in oil sands and pipeline resistance.	36
<b>6.1</b> Environmental groups active on the Trans Mountain Expansion Project (July 2018).	129

<b>7.1</b>	Energy East Pipeline benefits by province.	163
<b>9.1</b>	Environmental groups opposing the Site C Dam, March 2017.	220
<b>9.2</b>	Status of Site C litigation.	237
<b>10.1</b>	Issue ranking and party advantage, Ontario 2018 election.	249
<b>10.2</b>	Summary of renewable energy controversies.	265
