Indexing/Abstracting: All rights reserved; no part of this publication may be reproduced, stored in a retrieval system, or transmitted in any form or by any means (electronic, mechanical, photocopying, recording, or otherwise) without either prior written permission of the publisher or a license permitting restricted copying, issued in the US by the Copyright Clearance Center, 222 Rosewood Drive, Danvers, MA 01923 (Fax: 978-750-4470) or in the UK by the Copyright Licensing Agency Ltd., 90 Tottenham Court Road, London W1P 9HE, UK. Reprints of individual articles are available only from the authors.

It is a condition of publication in the Journal that authors grant an exclusive license to the Johns Hopkins Bloomberg School of Public Health. However, requests for permission to reprint material found in the Journal should be submitted to Oxford University Press. This ensures that requests from third parties to reproduce articles are handled efficiently and consistently and will also allow the article to be disseminated as widely as possible. As part of the license agreement, authors may use their own material in other publications provided that the Journal is acknowledged as the original place of publication and Oxford University Press is notified in writing in advance.

The author(s) of each article appearing in this Journal is/are solely responsible for the content thereof; the publication of an article shall not constitute or be deemed to constitute any representation by the Editors, the Johns Hopkins Bloomberg School of Public Health, or the Society for Epidemiologic Research that the data presented therein are correct or sufficient to support the conclusions reached or that the experiment design or methodology is adequate.

The American Journal of Epidemiology is printed on acid-free paper that meets the minimum requirements of ANSI Standard Z39.48-1984 (Permanence of Paper).

The Journal is indexed or abstracted in Index Medicus, the Science Citation Index, Current Contents: Life Sciences, and the BIOSIS database.

Oxford University Press is a department of the University of Oxford. It furthers the University’s objective of excellence in research, scholarship, and education by publishing worldwide.
