Society for Epidemiologic Research
Member Benefits

The Society for Epidemiologic Research offers a professional home to practicing epidemiologists. Members of our organization receive yearly subscription to the American Journal of Epidemiology and Epidemiologic Reviews. In addition, members receive the following benefits:

- SERnews featuring meeting updates and organization updates
- SERplaylists—key reading lists from epidemiology experts
- SERexperts—online presentations by experts in the field
- Reduced rates to the 2016 Congress of the Americas Meeting
- Reduced registration fee to SERtalks—quarterly workshops held across the United States
- 10% page charge rate discount—AJE
- 20% color charge rate discount—AJE
- 20% open access charge rate discount—AJE
- 25% discount on Oxford University Publisher books

TULANE UNIVERSITY SCHOOL OF PUBLIC HEALTH AND TROPICAL MEDICINE

PH.D. SCHOLARSHIP

The Department of Epidemiology at the Tulane University School of Public Health and Tropical Medicine invites applications from outstanding candidates for the Ph.D. Scholarship. Areas of research and study include Cardiovascular/Kidney Disease Epidemiology, Infectious Disease Epidemiology, Cancer Epidemiology, Genetic and Molecular Epidemiology, Translational/Clinical/Implementation Research and Reproductive Epidemiology.

The Ph.D. scholarship includes full tuition scholarship in addition to a $24,000 stipend/year for the first two years of study. Future funds are available from on-going research programs within the department. Applicants must display a record of superior academic achievement, evidenced by successful completion of a master’s program in epidemiology or related areas, outstanding GRE scores, and abilities in research. Only exceptional candidates will be considered. Completed applications must be received in the Tulane SPHTM Office of Admissions no later than December 1, 2017.

Applications to Tulane University School of Public Health and Tropical Medicine may be made on-line through: http://www.sophas.org/

Copies may be sent to Jiang He, M.D., Ph.D. Chair, Department of Epidemiology, Tulane University School of Public Health and Tropical Medicine, 1440 Canal Street, #8318, New Orleans, LA 70112.

TULANE UNIVERSITY IS AN EQUAL OPPORTUNITY/ AFFIRMATIVE ACTION EMPLOYER. WOMEN AND MINORITIES ARE ENCOURAGED TO APPLY.

PH.D. SCHOLARSHIP

Medical Center

Epidemiology: Tenure-track or Tenured Faculty

The Vanderbilt Epidemiology Center at Vanderbilt University Medical Center (VUMC) invites candidates to apply for tenured or tenure-track faculty positions. More than 50 epidemiologists at Vanderbilt conduct clinical and population-based studies, including three large cohort studies in the U.S. and abroad with survey data and biological samples from approximately 255,000 study participants. Areas of ongoing research include diet and nutrition, health behaviors, environmental exposures, reproductive epidemiology, genetic and other biomarkers for disease risk and progression, and racial disparities in health outcomes. The Center is particularly interested in expanding its research and training programs in epidemiology of cancer and other chronic diseases.

Successful candidates will have a doctorate in epidemiology or a related field with additional training or experience in epidemiology research, and a demonstrated ability to develop and sustain an independent research program. Vanderbilt fosters a rich environment of cross-disciplinary collaboration, providing exciting opportunities to work on cohort consortium projects and collaborate on ongoing research projects in epidemiology.

Vanderbilt University School of Medicine is ranked #14 on the recent US News and World Report list of top medical schools for research in the US and is in the Top 10 for NIH-funded research. VUMC is home to the Vanderbilt-Ingram Cancer Center, an NCI-designated Cancer Center. VUMC is an Equal Opportunity/Affirmative Action employer.

To apply, email a cover letter, briefly describing research experience and interests, and curriculum vitae to kim.kreth@vanderbilt.edu. Address the cover letter to Dr. Wei Zheng, c/o Kim Kreth, Vanderbilt University Medical Center, 2425 West End Ave, 8th floor, Nashville TN 37203-1738. Reprints of individual articles are available only from the authors.

It is a condition of publication in the Journal that authors grant an exclusive license to the Johns Hopkins Bloomberg School of Public Health. However, requests for permission to reprint material found in the Journal should be submitted to Oxford University Press. This ensures that requests from third parties to reproduce articles are handled efficiently and consistently and will also allow the article to be disseminated as widely as possible. As part of the license agreement, authors may use their own material in other publications provided that the Journal is acknowledged as the original place of publication and Oxford University Press is notified in writing in advance. The author(s) of each article appearing in this Journal is/are solely responsible for the content thereof; the publication of an article shall not constitute or be deemed to constitute any representation by the Editors, the Johns Hopkins Bloomberg School of Public Health, or the Society for Epidemiologic Research that the data presented therein are correct or sufficient to support the conclusions reached or that the experiment design or methodology is adequate.

The American Journal of Epidemiology is printed on acid-free paper that meets the minimum requirements of ANSI Standard Z39.48-1984 (Permanence of Paper).

The Journal is indexed or abstracted in Index Medicus, the Science Citation Index, Current Contents: Life Sciences, and the BIOSIS database.

Oxford University Press is a department of the University of Oxford. It furthers the University’s objective of excellence in research, scholarship, and education by publishing worldwide.
