Contents

Papers

249 A compilation of Web-based research tools for miRNA analysis
    Vaibhav Shukla, Vinay Koshy Varghese, Shama Prasada Kabekkodu, Sandeep Mallya and
    Kapaettu Satyamoorthy

274 System pharmacogenomics application in infectious diseases
    Vineetha Mandlik, Ritika Kabra and Shailza Singh

281 Regulatory states in the developmental control of gene expression
    Isabelle S. Peter

288 The evolution of neuropeptide signalling: insights from echinoderms
    Dean C. Semmens and Maurice R. Elphick

299 Omics approaches to study gene regulatory networks for development in echinoderms
    Elijah K. Lowe, Claudia Cuomo and Maria I. Arnone

309 Recent advances in functional perturbation and genome editing techniques in studying sea
    urchin development
    Miao Cui, Che-Yi Lin and Yi-Hsien Su
Editorial Board

Managing Editor
Greg Eiger
The Francis Crick Institute, London, UK

Editorial Office
Dr Alison Bentley
Assistant Editor, UK

Editorial Board
In academia and not-for-profit institutions
Casey Bergman
University of Manchester, UK
Stephen J. Charnecki
NCI, NIH, USA
Julian Dow
IEIS, University of Glasgow, UK
Stephan Ecker
University of Minnesota, USA
William R. Evans
St Jude Children’s Research Hospital, USA
Tom Freeman
Roths Institute, Edinburgh University, UK
Sam Griffiths-Jones
University of Manchester, UK
Emmeline Hill
University College Dublin, Republic of Ireland
Robert Hill
MB-C Human Genes Unit, UK
Mike Hubank
Institute of Child Health, UK
Paul Hurd
Queen Mary, University of London, UK
Dirk-Jan Kuijpers
Cancer Research for Systems and Systems Biology, Edinburgh University, UK
Julian Knight
Wellcome Trust Centre for Human Genetics, UK
Patricia Kowalak
University of Bristol, UK
Hongbo Liu
Van Andel Research Institute, USA
Gabriele G. Loos
Lawrence Livermore National Laboratory, USA
Andy McCallion
John Hopkins University School of Medicine, USA
Colin Milford
Newcastle University, UK
Felix Nief
DPFL, Switzerland
Koichi Nishigaki
University of Kanazawa, Japan
Patrick Nolan
MGU Mammalian Genes Unit, UK
Andy Poireire
Virginia Bioinformatics Institute, Virginia Tech, USA
Uwe Radolf
Max-Planck-Institut fur Molekulare Genetik, Germany
Cecilia Saccon
Università di Bari, Italy
Stephen Schefer
The Hospital for Sick Children, Toronto, Canada
José Luis-Gómez Skarmeta
Universidad Pablo de Olavide, Spain
Diethard Thuret
University Heidelberg, Germany
Sarah Tischmann
MB-C Laboratory of Molecular Biology, Cambridge, UK
Nico Timmerman
Københavns Universitet, Denmark
Brant M. Weinstein
NCHD, NIH, USA
Phillip Wright
University of Sheffield, UK
Giles Yeo
Cambridge University, UK

In industry
Kevin P. Conroy
Pacific Biosciences, USA
Antoni Radoski
DuPont Agricultural Biotechnology - Genomics, USA
Chris Ullman
Formerly, Ingenica Ltd, UK

Technique Reviews Editor
Tim Vosstraer
SAIC-Frederick, Inc., NCI, USA

Book Reviews Editor
Jodi P. Pouzo
Pacific Northwest National Laboratory, USA
