Aims and Scope

Transactions of the Royal Society of Tropical Medicine and Hygiene publishes authoritative and impactful original, peer-reviewed articles and reviews on all aspects of tropical medicine. The journal offers a respected voice for clinicians, health-related scientists, development organisations and students in topics including clinical tropical medicine, infectious disease, parasitology and entomology, microbiology and virology, epidemiology, chemotherapy, immunology and public health.

Manuscript Submissions

All manuscripts should be submitted in electronic format via the Journal’s online submission and refereeing system, which can be found at:

http://www.oxfordjournals.org/our_journals/trstmh/editorial_board.html

Details on how to submit a manuscript can be found in our Instructions to Authors (available at http://www.oxfordjournals.org/our_journals/trstmh/for_authors/).
