The expression profile of micro-RNA in endometrium and endometriosis and the influence of ovarian steroids on their expression

Qun Pan, Xiaoping Luo, Tannaz Toloubeydokhti, and Nasser Chegini

The University of Florida has provided Molecular Human Reproduction (MHR) with information regarding their investigation into manipulation and falsification of data by Nasser Chegini.

The Journal wishes to retract the above paper published in MHR due to falsification and/or fabrication of data in figures 2A, 2B, 3, 4 and 5. The information presented in these figures is central to the conclusions of the paper.

MHR apologises to its readers, although the Journal accepts no culpability in the publication of this data. No investigation, to our knowledge, has been initiated into the conduct of the co-authors.
