CORRIGENDUM

Elk1 and SRF transcription factors convey basal transcription and mediate glucose response via their binding sites in
the human LXRB gene promoter

Maria Nilsson, Karin Dahlman-Wright, Charlotta Karelmo, Martin Ebeling, Jan-Åke Gustafsson and
Knut R. Steffensen

The authors would like to acknowledge the contribution of Martin Ebeling in this article as included above in the list of
authors. He was instrumental for the production of Figure 2A. He did the sequence analysis and comparisons between
the different species and for this contribution, he should be considered a co-author on this article.

Martin Ebeling is affiliated to Roche (Hoffmann-La Roche, PRBI, Grenzacherstrasse, CH-4070 Basel, Switzerland) and
has no conflict of interest to state for this article.
