CORRIGENDUM

MuD: an interactive web server for the prediction of non-neutral substitutions using protein structural data

Gilad Wainreb, Haim Ashkenazy, Yana Bromberg, Alina Starovolsky-Shitrit, Turkan Haliloglu, Eytan Ruppin, Karen B. Avraham, Burkhard Rost and Nir Ben-Tal

The author and publisher wish to apologize for a mistake in Equation 1 which appeared in the above paper. This correction does not influence the validity of the results and conclusions.

The correct equation should be:

Matthew's correlation coefficient = \frac{TP \times TN - FP \times FN}{\sqrt{(TP + FN)(TN + FP)(TN + FN)(TP + FP)}}
