Figures 2 and 6 in the publication are referred to our previous published paper “‘Heat Flow Choking in Carbon Nanotubes,’ 53(9–10), pp. 1796–1800 (2010)” [DOI: [10.1016/j.ijheatmasstransfer.2010.01.010](https://doi.org/10.1016/j.ijheatmasstransfer.2010.01.010)]. These figures and data are reused with permissions from Elsevier. The statement of permission is missing in the published paper. Also our previous published paper should be added in the reference list, which is missing in the current published paper.
