

We wish to thank the following reviewers for their generous assistance in evaluating manuscripts submitted to *Investigative Ophthalmology & Visual Science* during the past year. We fully appreciate the effort required to read, analyze, and evaluate a scientific manuscript. Thoughtful and unbiased reviews are essential to maintaining the high quality of the journal, and without your expert contributions *Investigative Ophthalmology & Visual Science* would not be the outstanding journal that it is. The list comprises all those, including editors, who completed one or more reviews between January 1, 2018, and December 31, 2018.
