

# Erratum: “Effects of Nonuniform Temperature Distribution on Degradation of Lithium-Ion Batteries” [ASME J. Electrochem. Energy. Conv. Stor., 2020, 17(2), p. 021101; DOI: 10.1115/1.4045205]

Gabriel M. Cavalheiro, Takuto Iriyama, George J. Nelson, Shan Huang, and Guangsheng Zhang

An error occurs in Fig. 3(b) of the originally published paper on page 021101-3. The error does not influence the overall results or conclusions from the work. The corrected Fig. 3(b) is below:

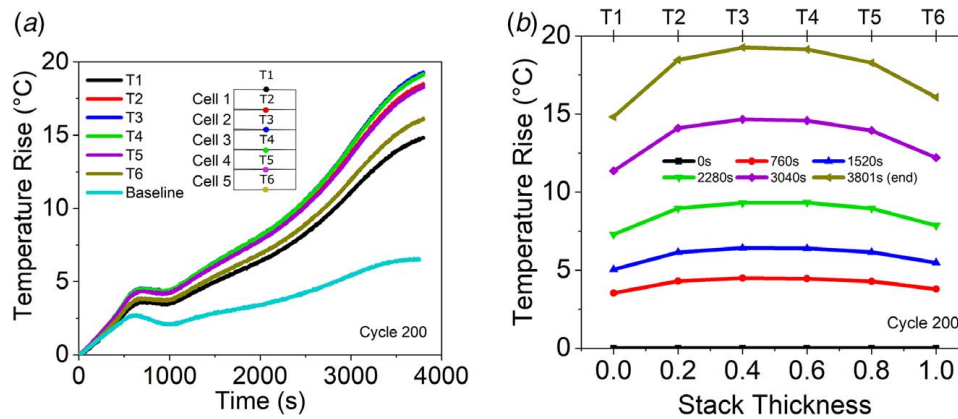

Fig. 3 (a) Representative temperature rise during discharge of baseline cell and five-cell stack in cycle 200 and (b) representative spatial distribution of temperatures inside the five-cell stack at different stage of discharge in cycle 200
