The text of the paper had some inaccurate errors. The corrections are summarized below.

Page	Column	Line number	Original	Correction
2	Right	Line 9 in Sec. 2.1	Processing times	Number of laser passes
3	Right	Line 29 from top	Five processing times	Number of laser passes is 5
4	Right	Lines 3–4 from top (below Fig. 4)	r is the rough factor which is lower than 1	r is the rough factor which is larger than 1
