

Erratum

In Louis, C. C., Jacobs, E., D'Esposito, M., & Moser, J. (2023). Estradiol and the catechol-o-methyltransferase gene interact to predict working memory performance: A replication and extension. *Journal of Cognitive Neuroscience*, 35, 1144–1153.

CORRECTIONS TO “METHODS” SECTION (PAGES 1146–1147)

The following, as reported in Louis et al. (2023), is erroneous: “The 0-back load condition consisted of 160 trials

(targets: 128; nontargets: 32), and 2- and 3-back conditions consisted of 80 trials each (targets: 52; nontargets: 16; lures: 12).”

The correct information is: “The 0-back load condition consisted of 160 trials (targets: 32; nontargets: 128), and 2- and 3-back conditions consisted of 80 trials each (targets: 16; nontargets: 52; lures: 12).”
