EOE

Assistant or Associate Scientist in Wildlife Ecology, Joseph W. Jones Ecological Research Center, Newton, Georgia

The Jones Ecological Research Center invites applications for assistant or associate scientist in wildlife ecology, available May 1, 1997. Responsibilities include research for nongame and game wildlife species (60-70%) and conservation, education, and service (30-40%). Qualifications include a PhD in wildlife biology, ecology, population or community ecology, or related field.

Compensation package is competitive and commensurate with experience. An application letter, résumé, and names of three references should be mailed by January 15, 1997, to Dr. William Michener, Search Committee Chair, Jones Ecological Research Center, Rt. 2, Box 2324, Newton, GA 31770 (912) 734-4706; fax (912) 734-4707.

Bullard Fellowships in Forest Research, Harvard University

Each year Harvard University awards a limited number of Bullard Fellowships to individuals in the biological, social, physical, and political sciences to promote advanced study research or integration of subjects pertaining to forested ecosystems. The fellowships, which include stipends up to $30,000, are intended to provide individuals in mid-career with an opportunity to use Harvard’s resources and to interac
t with personnel in any department within the university in order to develop their own scientific and professional growth. In recent years, Bullard Fellows have been associated with the Harvard Center for International Affairs, the Department of Organismic and Evolutionary Biology, and the John F. Kennedy School of Government. They have worked in areas of ecology, forest management, policy, and conservation. Fellowships are available for periods ranging from four months to one year and can begin at any time in the year. Applications from international scientists, women, and minorities are encouraged. Fellowships are not intended for graduate students or recent post-doctoral candidates. Further information may be obtained from the Committee on the Charles Bullard Fund for Forest Research, Harvard University, 11 Divinity Avenue, Cambridge, MA 02138. Annual deadline for applications is February 1.

Department Head, Department of Forest Science, Texas A&M University

Applications and nominations are invited for the position of professor and head of the Department of Forest Science in the College of Agriculture and Life Sciences. The department offers the BS degree in forestry, along with the master’s and PhD degrees. Department faculty have joint appointments with either the Texas Agricultural Experiment Station, the Texas Forest Service, or the Texas Agricultural Extension Service, all units of the Texas A&M University System. Candidates for the position must have an earned doctorate, with one or more degrees in forestry or natural resource management. The successful candidate should be an individual with a demonstrated record of scholarly and leadership abilities to foster and coordinate the department’s national and international service programs. Candidates must be able to build relationships with all segments of the larger forestry community, and develop and strengthen interdisciplinary ties within the university.

Applications should include a letter of intent, vitae, and names, addresses, and telephone numbers of at least three references. Applications will close November 1, 1996. Applications should be sent to Dr. Robert Baker, Interim
with 18 semester or 27 quarter graduate hours.

Assistant Professor, Forest Biometrics

Nine-month, tenure-track assistant professor position available. Responsibilities include teaching and research focusing on inventory and measurement of Appalachian hardwood forest resources. Earned doctorate degree with at least one degree in forestry. Closing date for applications is October 31, 1996, or until filled. Anticipated starting date is January 1, 1997. Send application letter, detailed résumé of education, experience, and qualifications, college transcripts, and letters of recommendation from three professional references to Dr. James Armstrong, Interim Director, West Virginia University, Division of Forestry, PO Box 6125, Morgantown, WV 26506-6125 (304) 293-7341, ext. 2147; fax (304) 293-2441.

Forestry Instructor, Lurleen B. Wallace State Junior College, Andalusia, Alabama

LBW College is seeking qualified applicants to fill the position of forestry instructor. Applicants must have a minimum of a master's degree with 18 semester or 27 quarter graduate hours in the area of forestry. Completed applications including résumé, official college application, and transcripts should be received in the Office of the Dean of the college by 4:00 PM on October 31, 1996. Applications may be obtained by writing the Personnel Coordinator, LBW College, PO Box 1418, Andalusia, AL 36420, or calling (334) 222-6591, extension 2216.

LBW College is an equal opportunity employer and is seeking applicants in particular from black persons and women, including black women.

Forester/Timber Buyer

We are a state-of-the-art hardwood sawmill and wood products manufacturing company in south/central Pennsylvania. We are looking for a forestry professional to join our team of timber buyers. We require some experiences, the ability to effectively deal with people, and a very strong forestry background. If you are interested, please contact us by mail or fax your résumé and cover letter to Jay McClatchey, VP, JCM Industries, RD 3, Box 321, Stoystown, PA 15563-9134; fax (814) 754-4687.

We are an equal opportunity employer.

Community Forester, City of Santa Monica, California

Salary: $4,334–$5,350 per month.

Excellent benefits package plus city-paid public employee retirement system (PERS). Plans, develops, and manages the city’s Community Forest Program. Works closely with the community to establish, maintain, and implement a Community Forest Management Plan, including community-based education and training components. Manages the city’s tree maintenance operation.

Requirements: BA/BS in urban forestry, forestry, arboriculture, environmental science, or a closely related field. Four years of recent experience in community/urban forestry programming. At least one year of experience must have included management of a community/urban forestry program and supervisory responsibilities.

File city supplemental and application forms by October 24, 1996. Apply at Personnel Department, City of Santa Monica, 1685 Main Street, PO Box 2200, Santa Monica, CA 90407-2200 (310) 458-8697.

EOE/M/F/H

Graduate Assistantship, Riparian Zone Management

A half-time MS or PhD graduate assistantship is available for working on a collaborative research and outreach project evaluating silviculture and harvesting practices within riparian management zones. Salary is $12,522 per year with a tuition waiver and is conditional on acceptance into the graduate program at the University of Minnesota. Please send inquiries to Dr. Charles Blinn, Department of Forest Resources, University of Minnesota, 1530 North Cleveland Ave., St. Paul, MN 55108 (612) 624-3788; fax (612) 625-5212; e-mail blinn@forestry.umn.edu.

The University of Minnesota is an equal opportunity educator and employer.

Dean, College of Natural Resources, Utah State University

Applications or nominations are invited for the dean of a 90-faculty, 750-student college.

Qualifications: Earned doctorate; teaching and scholarship commensurate with full professorship in a natural or social-scientific discipline related to renewable natural resources (fisheries and wildlife, forests, water, rangelands) systems, administrative effectiveness, preferably in higher education; understanding of the role of land-grant institutions, including extension; knowledge of international development and extramural funding; interpersonal skills and effective communication.

Locale: University of 20,000 situated in Logan (40,000 population), surrounded by Wasatch Mountains, with abundant cultural and outdoor opportunities.
Applications: Send cover letter, curriculum vitae, and request for detailed application material to Frederic H. Wagner, Search Committee Chair, College of Natural Resources, Utah State University, Logan, UT 84322-5200 (801) 797-2445; e-mail: ecol@cc.usu.edu. Application reviews begin December 1, 1996, and continue until position is filled.

USU is an affirmative action/equal opportunity employer.
