

Corrigendum: *Journal of Water Supply: Research and Technology – AQUA 69 (3), 201–209: Determination of the corresponding roughness height in a WDS model containing old rough pipes, Ivar Annus, Anatoli Vassiljev, Nils Kändler and Katrin Kaur, doi: 10.2166/aqua.2019.080*

The authors regret that there was an error in Figure 9 in their original paper and apologise for any inconvenience caused. Labels for Type 2 and 3 were exchanged by mistake. The correct version of Figure 9 can be found below:

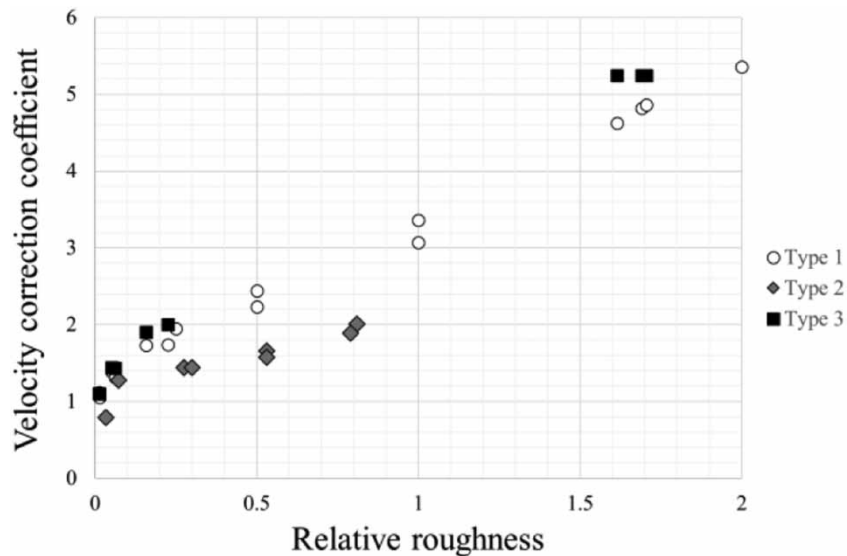

Figure 9 | Annus *et al.* (2020). Dependence between the velocity correction coefficient and the relative roughness (for all pipe types, $D = 100$ mm and $D = 200$ mm).
