## Notes on Contributors

**Gert Goeminne** is a postdoctoral fellow of the Research Foundation–Flanders and is affiliated to the Centre Leo Apostel for Interdisciplinary Studies (Vrije Universiteit Brussel) and the Centre for Sustainable Development (Ghent University). His research focuses on combining insights in the foundations of science and technology with the political needs of the normative project of sustainability. For more information, see <http://users.telenet.be/gertgoeminne/>

**Jeff Kochan** is currently a Visiting Researcher in Philosophy at the Zukunftskolleg, University of Konstanz. He holds a PhD in HPS from the University of Cambridge. His work focuses on the intersections between philosophy of science, the sociology of scientific knowledge, and the works of Heidegger and the later Wittgenstein. He has published in *International Studies in the Philosophy of Science*, *Philosophy of the Social Sciences*, *Social Studies of Science*, and *Studies in History and Philosophy of Science*.

**Wouter Van Acker** graduated in 2004 as civil engineer-architect from Ghent University/TU Berlin. Since 2006 he has been active as a doctoral researcher at the department of Architecture and Urban Planning, Ghent University (Belgium). His doctoral research “The Utopia of Universalism” makes a monographic study of the work of Paul Otlet (1868–1944) and deals with the spatial nature of knowledge organization.
