- Abstract, 1-2
Accessory minerals, 25-28
Acknowledgments, v
Acton Laboratories Inc., v
Ages, geologic, 84-85
Alfors, J. T., 6, 8, 13-14, 18, 31, 41, 44, 52, 54, 65-67, 71-75, 81, 84-85, 90, 99, 101, 104-105
Allen, R., 86
Analysis of variance, 37, 45-47, 54-56
Analytical data, 36-50
Analytical methods, 99-102
Anthophyllite, 33-34, 36
Antigorite, 33-34
Aplites, 31
Apophyses, 32
Baird, A. K., 3, 54, 56
Barton, P. B., Jr., 28
Bateman, P. C., 75, 84-86
Bear Mountains fault zone, 6
Beryllium distribution in ferromagnesian phases, 58-59
Beus, A. A., 47, 59
Biotite, 25, 31, 39-44, 76-79
Biotite composition, indicator of oxygen fugacity, 76-79
Bowen, N. L., 64-65, 75, 78
Boyer, R. E., 54, 62
Burnham, C. W., 4, 7, 72, 80, 89
Carman, J. H., v
Chapman, R. H., v, 81
Chayes, F., 40
Chemical analyses
 major constituents, 39-44
 methods, 99-101
 trace elements, 44-49
Chromium distribution in ferromagnesian phases, 46-47, 56-57
Chlorite distribution, 28-29, 53
Coatney, R. L., 24
Compton, R. R., 67
Contact metamorphism, 5, 35-36
Copper distribution in ferromagnesian phases, 59, 70-72
Crystallization history, 51-54, 56, 59-66
Curtis, G. H., 84
Davis, G. A., v, 67, 84-86
Dawson, K. R., 54, 67
Deer, W. A., 21, 24, 28, 33
Depth of intrusion, 73-75
Depth of the stock, a geophysical interpretation, 80-83
Deuteric alteration, 28-29, 53
Dikes, 32
Durrell, C., 17, 36
Emerson, D. O., 3, 7, 24
Emplacement of the stock, 83-84
Eugster, H. P., 69, 77-79
Evans, B. W., v
Foothill metamorphic belt, 6, 14, 85
Form of the stock, a geophysical interpretation, 80-83
Fractionation trends, 53-54, 56, 59-63
Fudali, R. F., 69
Gay, P., 76
Geochron Laboratories, Inc., 84
Geophysical data and interpretation, 80-82, 101-102
Gilkey, A. K., 23
Grandiorite
 of the "Dinkey Creek type," 84-85
 of Rocky Hill stock, 14-17, 19-21, 37-38, 39, 41, 51-52, 63, 66-67, 85-86
 of Rocky Hills stock, 83, 86-87
Gross, E. B., v
Holland, H. D., 77
Hornblende, 24-25
Hotz, P.E., 33
Hydrothermal experiments, 75, 76, 105-106
Inclusions, 32-33, 47-49, 61, 86-87

- Indicators of fractionation, 60-61
- Jackson, E. D., 33
- Jahns, R. H., v, 73, 80
