An Editorial by Hugh C. Hemmings Jr. and Jennifer M. Hunter on this supplement, entitled ‘Landmarks in UK Anaesthesia’ can be found in issue 119-6 at https://doi.org/10.1093/bja/aex370.

**SPECIAL ARTICLES**

Growing the next generation of anaesthesia research leaders  
*K. Leslie* i1

Quality, safety, and outcomes in anaesthesia: what’s to be done? An international perspective  
*C. J. Peden, M. Campbell and G. Aggarwal* i5

**CARDIOVASCULAR**

Abdominal aortic aneurysm repair in the United Kingdom: an exemplar for the role of anaesthetists in perioperative medicine  
*S. J. Howell* i15

Innovations in management of cardiac disease: drugs, treatment strategies and technology  
*P. Foex* i23

**CLINICAL PRACTICE**

Fit for surgery? Perspectives on preoperative exercise testing and training  
*K. Richardson, D. Z. H. Levett, S. Jack and M. P. W. Grocott* i34

Thiopental to desflurane - an anaesthetic journey. Where are we going next?  
*J. R. Sneyd* i44

Reversal of residual neuromuscular block: complications associated with perioperative management of muscle relaxation  
*J. M. Hunter* i53

Are we close to the ideal intravenous fluid?  
*N. MacDonald and R. M. Pearse* i63

The evolution of robotic surgery: surgical and anaesthetic aspects  
*H. Ashrafian, O. Clancy, V. Grover and A. Darzi* i72

**CRITICAL CARE**

Critical care at the end of life: balancing technology with compassion and agreeing when to stop  
*H. Montgomery, M. Grocott and M. Mythen* i85

Demands and requests for ‘inappropriate’ or ‘inadvisable’ treatments at the end of life: what do you do at 2 o’clock in the morning when …?  
*L. McCrossan and R. Siegmeth* i90

**EDUCATION**

The future United Kingdom anaesthetic workforce: training, education, and role boundaries for anaesthetists and others  
*A. E. Cooper* i99

To err is human: use of simulation to enhance training and patient safety in anaesthesia  
*H. Higham and B. Baxendale* i106

**NEUROSCIENCE**

Postoperative cognitive dysfunction and dementia: what we need to know and do  
*M. J. Needham, C. E. Webb and D. C. Bryden* i115
# PREHOSPITAL CARE

- Managing anaesthetic provision for global disasters
  - R. M. Craven
  - Page: i126
- Global lessons: developing military trauma care and lessons for civilian practice
  - T. Woolley, J. A. Round and M. Ingram
  - Page: i135
- An overview of space medicine
  - P. D. Hodkinson, R. A. Anderton, B. N. Posselt and K. J. Fong
  - Page: i143

# RESPIRATION AND THE AIRWAY

- The evolution of airway management - new concepts and conflicts with traditional practice
  - A. F. McNarry and A. Patel
  - Page: i154

# TRANSLATIONAL RESEARCH

- Role of GABA<sub>A</sub> receptor subtypes in the behavioural effects of intravenous general anaesthetics
  - C. J. Weir, S. J. Mitchell and J. J. Lambert
  - Page: i167
