An online collection of our Primers on -Omic Technologies is available on our website.

The UCLA Jonathan and Karin Fielding School of Public Health is undertaking a search for a state-funded tenure-track or tenured Associate/Full Professor of Epidemiology. We are seeking an outstanding candidate with active research portfolio and a history of substantial external funding. Candidates for this faculty position should have a doctoral degree in epidemiology or related field, a strong research record as evidenced by peer-reviewed publications, and a demonstrated commitment to public health. We seek a leader in epidemiologic theory and methods, applied epidemiology, and/or biostatistics. Successful candidates will be expected to engage in independent research, mentor students, and contribute to graduate and undergraduate teaching. The deadline for applications is October 15, 2017. Informal inquiries may be submitted to episearch@ph.ucla.edu. Please submit your applications at: https://recruit.apo.ucla.edu/apply/JPF02682
