Inertial Sensor-Based Assessment of Central Sensory Integration for Balance After Mild Traumatic Brain Injury: Corrigendum

The article, “Inertial Sensor-Based Assessment of Central Sensory Integration for Balance After Mild Traumatic Brain Injury,” that published online on April 3, 2018 contained errors.

On page 327, the following conflict of interest statement should have been included: “Dr. Horak has a significant financial interest in ADPM, a company that may have a commercial interest in the results of this research and technology. This potential conflict has been reviewed and managed by OHSU.”

The authors regret this error.
