

Wadham C, Parker A, Wang L, Xia P. High glucose attenuates protein S-nitrosylation in endothelial cells: role of oxidative stress. *Diabetes* 2007;56:2715–2721

In the print version of the article listed above, a dividing line is omitted in Fig. 2 and the microscopic photos in the third line (HG+TTFA) in Fig. 4C are incorrect. The correct figures appear below. The authors confirm that the outcomes reported in the figures and in the text of the article remain the same. The online version reflects these changes.

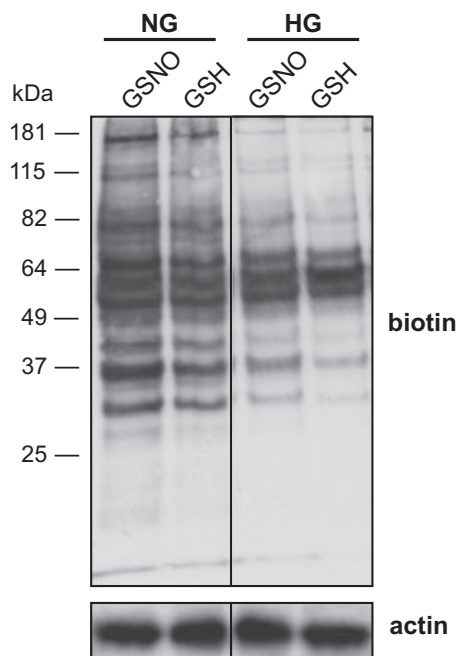

FIG. 2.

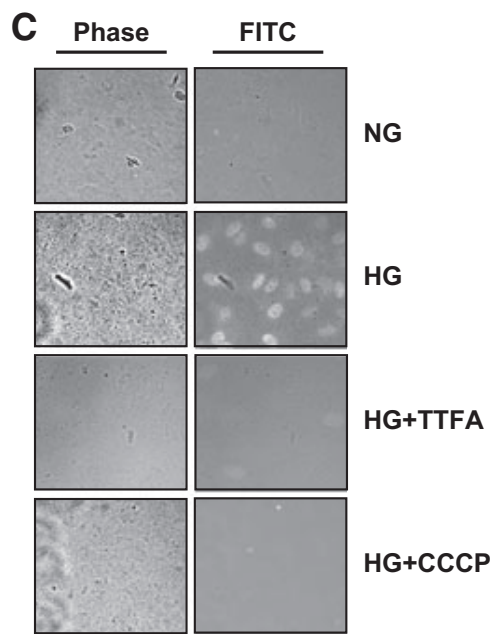

FIG. 4C.
